ABOUT THE ADRC of NORTHWEST WISCONSIN

Mission

To provide older adults and people with physical or developmental/intellectual disabilities the resources needed to live with dignity and security, and achieve maximum independence and quality of life. The goal of the Aging and Disability Resource Center is to empower individuals to make informed choices and to streamline access to the right and appropriate services and supports.

What is an ADRC?

The Aging and Disability Resource Center, known as the ADRC, provides the general public with a warm and welcoming office to contact for information and assistance on issues affecting older people and people with disabilities, regardless of income.

The ADRC is the first place to go with your aging and disability questions. We are an “information station” where you can receive accurate, unbiased information.

By enabling people to find resources in their communities and make informed decisions about long term care, ADRCs help people conserve their personal resources, maintain self-sufficiency and delay or prevent the need for potentially expensive long term care. ADRCs also serve as the single access point for publicly funded long term care, including Family Care and IRIS.

It is never too early to start asking questions. We encourage you to call us and begin planning for your future needs. Of course, we can also assist you with questions or challenges you may be facing now.

What kind of appointments do you offer?

We offer:

- Office appointments
- Telephone consultation
- Home visits for people who aren't able to come in to the office
- Flexible appointment scheduling

Who uses the ADRC?

We provide assistance to adults (including disabled students 17.5 years old) and the elderly. We serve people with physical or development disabilities, mental health or substance abuse issues, and the elderly.

We offer guidance and assistance to caregivers and family members of loved ones, spouses, medical providers and discharge planners, professionals in the

community...anyone who cares about or is assisting an elderly or disabled individual.

Is there a fee for your services?

Most services offered by the ADRC are provided free of charge. However, meal services (Senior/congregate dining and home delivered meals) as well as transportation services provided by the ADRC do charge a fee. The staff of the ADRC may refer you to other providers outside of the ADRC, and those providers may charge for their services.

Do I have to be considered “low income” to get help from the ADRC?

No, you do not. We assist all people - regardless of income.

What areas does the ADRC of Northwest WI serve?

The ADRC of Northwest Wisconsin serves Polk County, Burnett County, and the St Croix Chippewa Indians of Wisconsin.

- **Information and Assistance** - Providing you with knowledge about services, programs, and solutions for disability and long-term care issues.
- **Options Counseling** - Offering information about the choices available to meet your long-term care needs.

Memory Clinics - For the evaluation of memory problems

Memory/Dementia Clinics help individuals suspected of having Alzheimer’s disease or a related dementia get a precise diagnosis through thorough and complete testing of the brain. It is important to understand the specific cause of dementia because there are many causes of dementia and each can be very different in signs, symptoms, progression, and treatment. Each clinic may vary in the specific services they provide and diagnostic process—we encourage you to explore which clinic will best meet your needs. The Alzheimer’s Association recommends that the following elements be included in a thorough evaluation for Alzheimer’s disease and related dementias: medical history, laboratory tests, status evaluation, neuropsychological examination, physical examination, psychiatric evaluation and neurological examination.

In-Home Help

This section includes agencies that provide personal care and supportive home services. Personal care includes “hands-on” services administered to the consumer’s body such as bathing, grooming, and hygiene. Supportive home care includes services that are done around the consumer’s environment such as laundry, cooking, house cleaning, and meal preparation. Medical assistance does not pay for supportive home care services but they may pay for personal care services. Community Supported Living (CSL) programs offer similar services as in home help agencies but are provided on a more flexible schedule and can include more

education, to assist the individual in learning a new skill. CSL is also charged differently because of the flexibility in which services can be provided.
